M. S. L. A. HOLDS FALL MEETING IN BETHEL LAST WEEK

The Maine School Library Association held its fall meeting at Telstar Regional High School and Bethel on Thursday and Friday of last week. The convention program began Thursday morning at Telstar with registration and a coffee hour in the school cafeteria. This was followed by a general meeting in the auditorium, at which time Richard Melville, chairman of the S. A. D. 44 Board of Directors, spoke to the group in welcome. Later members joined workshops of their choice conducted at various areas throughout the school.

On Thursday noon luncheon was held at Bethel Inn with Miss Ruth Hazell, State Librarian, and Arthur Monke, President of the Maine Library Association and Librarian at Bowdoin College, as speakers. Following the luncheon some members toured the libraries at Gould Academy and Telstar Regional High School, while another group journeyed to the satellite-tracking station at Andover.

Miss Elizabeth Ring, of the Maine League of Historical Societies and Museums, was the speaker at the banquet Thursday evening at Bethel Inn. Music was provided during the meal by Miss Dorothy Lovejoy, soprano, and Mr. and Mrs. Cleveland Lovejoy at the organ.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

This year's TRIF project on the Chandler Hill road has been completed except for finish grading. This will be done as soon as the road foreman, who is also our only grader operator, returns to work after he has finished his term on the grand jury.

Preparations are being made for the winter months. Three trucks are ready to plow snow now. There is one more that must have the needed equipment mounted. The grader wing will be placed on that machine as soon as the fall work it must do is completed.

The screen used for winter sand will be available next week, so plans call for the stockpile of salted sand to be ready by the week's end. We will also screen next year's surfacing sand at the same time.

A short section of surface drain is to be replaced on Church Street as there have been places the old pipe collapsed. This should be a relatively minor project that will not inconvenience travel on the street to any great degree. There are also two catch basins on High and Mechanic Streets in need of rebuilding.

S. A. D. 44 DIRECTORS ACCEPT RESIGNATION OF GUIDANCE DIRECTOR AT MONDAY MEETING

On Monday evening of this week the board of directors of S. A. D. 44 accepted, with regret, the resignation of Frank H. Glazier as director of guidance at Telstar Regional High School. In a letter of resignation Mr. Glazier cited his recent illness and prolonged period of convalescence as necessitating his action. He had served in the S. A. D. 44 post since Oct. 23, 1967.

In other action at the meeting held at the Andover Elementary School, the directors approved a recommendation of Supt. Ralph K. Ryder that an additional teacher be hired to teach grade 3 at Woodstock. The recommendation was made in view of information presented by the Elementary Education Committee regarding existing overcrowded conditions.

Keith Cunningham, principal of Telstar Regional High School, gave a report on the pupil-teacher ratio at the school, and commented that the staff was at work on the school philosophy, as well as department philosophy, curriculum evaluation and changes, public relations, and discipline problems. A school philosophy is necessary as a step toward future accreditation of the school. Brian Flynn spoke briefly on his role as assistant principal and expanded on Mr. Cunningham's report.

The board voted to keep their pay at the \$5.00 per meeting rate required by law, although recently enacted State legislation would permit a raise to \$10 a meeting.

Mr. Ryder reported that the building committee was to meet with the architect today (Thursday) to discuss items that remain to be completed at Telstar.

The board gave their final approval to a transportation policy regarding transportation of students to other than normal pick-up points. Previously preliminary approval had been granted at the Sept. 22 meeting.

Copies of a cost breakdown on transporting students home on a late bus versus a central drop-off point, and a District financial statement as of Sept. 30, were distributed to the directors.

Eddie Snyder, Andover, chairman of the Teacher's Salary Negotiation Committee for the board, presented a report of his committee.

Members of the board of directors absent from the Monday meeting were: Musa Brown, Bethel; Robert Davis, Newry; Alta Waterhouse, Milton Mills, Woodstock.

The board will next meet in regular session on Monday evening, Oct. 20, at 7:30 in the Lecture Hall at Telstar Regional High School.

BETHEL HEALTH COUNCIL HOLDS QUARTERLY MEETING

The regular quarterly meeting of the Bethel Health and Service Council, Inc., was held Thursday, Oct. 2, with Barbara Douglass, co-chairman, presiding.

After the regular course of business was completed the following actions were taken: The preparation and delivery of Thanksgiving and Christmas baskets will be discontinued by the Council this year. It was the consensus of those present that due to the introduction of the donated food program and churches carrying out the same project there is a duplication of effort.

A complete inventory of the available items in the Council's Loan closet will be made, with a report to be made at the next meeting of the Council.

Mrs. Sarah Stevens reported to the Council that there is a need for volunteers to transport people to various clinics in the area. If you can be of assistance please contact Mrs. Stevens.

Town Manager Elwyn Dickey spoke to the group on the progress and difficulties involved in the search for adequate ambulance coverage for the Bethel area. Lack of sufficient funds and a sufficient number of volunteers have presented the greatest problems. Present coverage ends Dec. 31, 1969, at which time a new system must be decided upon.

BETHEL P. T. A. TO HOLD FIRST MEETING OF YEAR WEDNESDAY, OCT. 15

The first Parent Teacher Association meeting of the year will be held on Wednesday evening, Oct. 15, at 7:30 at Crescent Park School. All parents having students enrolled at Bethel Biscoe and Crescent Park Schools are urged to attend.

Plans will be discussed for the annual New Year's Dance and for the children's Halloween Party. Also room mothers will be chosen at this time. Volunteers will be needed for all these projects, so a good attendance is requested.

GREENWOOD CITY

— Mrs. Colista Morgan, Cor. —
The blue hills dreamed in a smoky haze all morning but by noon was clear and nice. So two friends and I were ready to walk among autumn's glories.

We took the old Rowe Hill Road leading down from here and discontinued many years ago. Boulders strewn at the entrance boasted of a washout.

The wind was soft and low as it waltzed to us the odors of the forest leaves.

For a time we had to watch closely our step weaving from wheel track to wheel track avoiding bushes low bent, but we were not able to escape the everlasting alders in the center rising waist high between the well worn tracks. But every unexpected turning yielded new treasures for us to possess.

We stopped now and then to gaze through green leaves to where the sun cast golden lances on to the fragile beauty of the turning leaves as they ran headlong into the blue-green spruces.

This is autumn when nature wears her gayest gowns and so amidst the sunbathed nooks were the blooms of fall flowers while high to the right the ledges looked down.

There were pines born on this hill side some youthfully beautiful and lovely to see. Others showed plainly that they have stood where the mountain winds and tortuous snows have stormed by, bringing interest to the artist's eye.

There were lazy little streams which deepened into pools while around them lush fringed ferns bent to see their reflections.

Now and then a startled bird twittered and once the calls we heard were discovered; a pair of Rose-breasted grosbeaks, she in her brown and white clothes and he handsome in his brilliant vest.

There was Sheepskin Bog, a strange sight with its many sentinels reaching to the sky; monarchs of old, standing vigil in ageless repose.

What a picturesque setting it chose; this quiet valley nestled between the towering hills. Not a grass blade bent, no leaf quivered, nothing disturbed the peace of the ferns as the sun looked down and I stepped to the side to snap a picture.

Crossing two rustic bridges and on over better traveling for a time we then took a winding path through leafy underbrush and overgrown with rampant grass and weeds but we were able to follow its varied windings to the lower end of Switch-oil Pond. Breathless silence hovered here and the water was crystal clear. Motionless clouds above reflected delicate and perfect while the shores' exquisite colorings gave streaks of rainbow light.

Along the shore and by the cottages many of which are now closed (and what a pity to lose that beauty) we walked.

Turning back again we stopped and gazed at the immensity of stone. This cliff always fascinates me; so towering. It's first to see the sunrise, to feel the rain and snow and with watchful eye scan the moonlit earth. It feels the wind and watches over the new born fawn. How we wished we might see one come down our path with its innocent eyes of liquid brown. There were so many little tracks; we felt that surely they must be just around the next bend. No doubt they were somewhere near within the grand old forest, just watching.

We traveled back the same path—the same but ever different. The air was cool, the low whisper of the brook was near, shadows slid across a shaft of golden sunlight that lay upon the valley, shut in by the sweep of the trees.

The cliffs curved up and we wished we were on top where we might better see the autumn fire. Instead we kept to our road leading off into the rolling forest broken here and there by the sunny meadows and the swamps.

There again were the rough stone walls marking the once open fields or lanes.

We walked onward to the opening landscape absorbed by new pictures and again spoke of the dainty orange fungi seen so often along the road side.

In our six mile journey we certainly had found what the country offered; a place to stretch our arms, legs, our minds and freedom from the mechanized din.

I thought of the "Seeing Eye" that

Margaret Farrand wrote about the traveler —

"A curve in the road and a hill-side.

Clear cut against the sky,
A tall tree tossed by the autumn wind

And a white cloud riding high,
Ten men went along that road
And all but one passed by.

He saw the hill and the tree
and the cloud
With an artist's mind and eye,
And he put them down on canvas

For the other nine men to buy."

Mr. and Mrs. Chester Bowen, Massachusetts, were at their cottage here for the week end.

HIGGINS CLASSICAL FRIDAY

GOULD ON THIRD QUARTER

Peter Parichain's 28-yard field goal in the third period provided the winning points as Higgins Classical Institute of Charlestown eked out a 17-16 win over host Gould Academy in football last Saturday afternoon.

A 24-yard scoring pass from Darrell Margeson to Jim Bradshaw gave Higgins a first period score. A Margeson to Tim Vandastine aerial clicked for the two extra points.

Gould tied the score in the second period as Dan Vogt hit over from the five and then rushed the extra points.

Bradshaw tallied for Higgins in the third period on a 15-yard jaunt but the kick for the point after was blocked.

Later in the quarter Gould went into the lead on a 15-yard touchdown pass from Vogt to Dave Hamre. Vogt rushed the extra points to put the Huskies ahead 16-14. This set the stage for Parichain's game-winning boot.

Chip Wright, Matt Samuels and Jim Foley were defensive standouts for the visitors. Craig Davis, Jeff Reed and Dave Gervais performed well for Gould.

Old Orchard Beach High School at Old Orchard Beach last Saturday afternoon. It was the first meeting of the schools' grid forces.

Strong gusts of wind hampered passing and kicking, and two blocked Telstar punts aided the victor's cause.

Late in the first period, fake kick failed for the visitors, the Gulls taking over deep in Telstar territory. Jerry Tucker sliced off tackle to the one and Paul Jacques dove over for a touchdown. The kick for conversion was wide.

The locals tallied three times in the second period. Gerald Williamson set up the first touchdown with a block punt on the Telstar 10. Two plays later, Paul Jacques, junior end, scooted some 56 yards on a double reverse for the Third Gull score. Joe Dube rushed two extra points to make it 20-0.

Wayne Dube's fumble recovery set up the next six-pointer, with Paul Jacques carrying from his own 48 to the visitors 17 and then off tackle for the final yardage. Tucker rushed the two-point conversion.

Telstar went to the air in the final minutes of the first half, with Jack Trinward on the receiving end of a Deegan pass.

Neither team could make headway in the third period, but in the final period Paul Jacques went 54 yards to score after a fumble recovery by Mike L'Heureux, Dan Roberge blocked a punt on the visitors' five late in the period and Paul Jacques carried in for the score.

Rev. Parker
Bethel Church of
the Nazarene

"I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me: and the life which I now live in the flesh, I live by the faith of the Son of God, who loved me, and gave himself for me." Gal. 2:20.

20 SECONDS WITH THE NAZARENE THANK YOU, DEAR LORD

For every hill I've had to climb,
For every stone that bruised my feet,
For all the blood and sweat and grime,
For all the blinding storms and burning heat,
My heart sings but a grateful song —
These were the things that made me strong.
For all the heartaches and the tears,
For all the anguish and the pain,
For gloomy days and fruitless years,
And for the hopes that I lived in vain,
I do give thanks, for now I know
These were the things that helped me grow!

SIGNS OF AUTUMN? SCHOOL DAYS, FALLING LEAVES, AND NEW 1970 SKI-DOO SNOWMOBILES

The youngsters are back in school, the leaves are beginning to play unhooky, and the boats that made lake cottage areas bustling are disappearing into storage, giving the lakes a look of hibernation.

Signs of autumn, yes. But not all the signs. You'll find the latest snowmobile designs awaiting you (that's another sign of autumn) among the new 1970 Ski-Doo snowmobiles, 15 models in five series, on display at Ernest Angevine's on Main Street in Bethel.

If fall has become the time when the winter outdoors people begin thinking about and looking at the latest snowmobiles, it also is the time when they start planning their winter fun. And believe us, that hibernation look at lake cottage areas for the most part is a bit of autumn deception.

Come snowtime, many of those dark cottages will again be bright with light and the white stillness will be broken by the hum of snowmobiles. And when the blue waters have taken on a sufficient coat of ice, the fishing lines will drop through newly-bored holes and the sportsman will delight in the ultimate of winter relaxation.

Snowmobiles have truly opened winter for families and sportsmen. They have given access to unattainable areas and Bombardier has crafted a 1970 snowmobile line that offers these winter people more

choices of styling, engine size, tracks, and convenience features than ever before.

Air-scoop accented cowls, easy-to-reach engines, 15, 18 and twin 15-inch tracks, thicker seats, new drum brakes, some new track styles, and other operational and safety features abound in the 1970 Ski-Doo 12/2, Olympique, Nordic, Invader, and TNT snowmobiles with design variations to interest every buyer's needs.

GUIDANCE DEPARTMENT

College scholarships for 800 outstanding high school seniors who are motivated toward an Army career will be offered again this year, the U. S. Army has announced.

The scholarships, good at any of the 259 colleges and universities in the United States offering a four year Army ROTC program, have been awarded annually on a competitive basis for the past four years.

High school seniors, their parents or teachers may obtain information by writing: ROTC Scholarship, First U. S. Army, Fort Meade, Md. 20755, or contact Mrs. Priscilla Hotte, Senior Counselor.

Deadline for submission of completed application is Jan. 15, 1970.

Since part of the scholarship selection is based on the College Entrance Examination Board (CEEB) Tests, it is essential high school students who intend to compete for one of these awards take the tests this fall.

The play is to be presented on Nov. 20 and 30 for the benefit of the Dollars for Scholars in the 1970 Senior Class at Telstar.

All should plan to support this worthy project and begin to make up your parties now.

In co-operation with the Guidance Department, this column concludes the last one under the supervision of your current Director of Guidance.

May I express to all who have participated in preparing these weekly reports a Thank You and best wishes for the Future and Success of the column. — Frank H. Glazier

NEW BOOKS AT THE BETHEL LIBRARY

"The Promise," by Chaim Potok. Just as "The Chosen" summoned by the depths of the commitment that loving fathers make for their sons, Chaim Potok's new novel evokes the promise that the young make to themselves, to their own lives—the obstacles life interposes, and the strength, the intelligence, the daring that must constantly be brought to bear if the promise is to be kept.

"Carriage 7, Seat 15," by Claude Aveline. Once again the master criminal emerges to commit a supremely audacious crime, one last brilliant theft before he retires.

"Six-Horse Hitch," by Janice Giles. Starr Fowler was only nineteen when he climbed to the box of a main line stage to start his career on the great Overland Mail and Stage Line.

Young People: "Boys Are Boys," by Albert B. Tibbets. A book of exciting stories from around the world.

Juniors: "Susie King Taylor, Civil War Nurse," by Simeon Booker.

And never again will they say
"HEY DAD... HOW COME THE OTHER KIDS ALWAYS HAVE ALL THE FUN?"
 There's a lot to be said for the 1970 MOTO-SKI. But for the thrill that beats all thrills, consider this: you drive into your yard. It's a wintry cold and a little afterdark. The family doesn't know you're bringing home a spankin' new 1970 MOTO-SKI (nothing wrong with making that kind of decision on your own). You walk into the house (yawn once or twice) and say to the kids, "Hey kids! I've brought in those bundles from the back of the car!"
 That's the kind of thrill that young folks remember best about growing up. But it's just the beginning. When you buy one of these 1970 family lovin' MOTO-SKIS, you'll make them like they're "the other kid". The one that always has all the fun!
